The workshop will be presented by experienced, former Scottish Mixed Doubles champions, Judith and Lee McCleary, who will explain the rules and offer an insight into how to play a new discipline of the sport off-ice, followed by some actual on-ice game practice for all attending.

Mixed Doubles will form part of the 2018 Winter Olympics programme and we would like to get a Mixed Doubles competition or league up and running at LIR. We hope for a good turn out to take advantage of this opportunity to learn from highly experienced mixed doubles curlers.
